The New Temperate House at Rosemoor

Due to pressures on the Restaurant at Rosemoor and the need to expand its facilities, the Alpine house that had been on the terrace for many years had to be re-located.

This provided the opportunity to move it into Lady Anne's Garden, with the ideal site being found at the end of the Croquet Lawn. This has enabled the display of a wide range of ornamental plants, some rarely seen in cultivation that will grow with minimal heating in the winter months. A surprisingly diverse range of plants, regarded as tender, can be grown in this way, as long as a few simple rules are followed:

Generally, plants that are kept with a drier compost during the winter will be more likely to cope with cold spells than those with wet compost. The use of a fan and thermostatic heater will also ensure constant air movement, reducing a build-up of condensation and extra heat when needed.

Ensuring that vents and windows are opened on sunny days will stop temperatures from becoming too high, promoting growth which is more susceptible to later, lower temperatures.

Although some cacti and succulents would suffer from winter cold, many are perfectly happy as long as they have a dry and frost free winter period. Cacti such as *Rebutia* are true alpinists, native to the Andes where typical winters would cover them with a blanket of snow. This would insulate from frost and give them the first watering of spring when the thaw came. Giving these plants a dry cold winter will ensure lovely displays of flowers through the spring and summer months.

The protected environment allows us to grow those plants that require winter watering, followed by a dry summer rest.

It is surprising how much variety can be grown in what is really quite a small space. With there being such a wide range of plants to choose from, we always make sure there is a bit of space to try something new!

Chapel News – Sept 2023

Dear Friends

28th August saw the 60th anniversary of the March on Washington to protest about the treatment of black people in the United States, particularly the Southern part. Thousands descended on the capital and on the steps of the Lincoln Memorial heard one of the great speeches of modern times. I am sure we have all heard at sometime Martin Luther King's "I have a dream". If not, You Tube, will provide various examples. King's vision was of a better world, based on the equality of all people.

"I have a dream that my four little children will one day live in a nation where they will not be judged by the colour of their skin but by the content of their character. I have a dream today.

I have a dream that one day every valley shall be exalted, every hill and mountain shall be made low, the rough places will be made plain, and the crooked places will be made straight, and the glory of the Lord shall be revealed, and all flesh shall see it together."

Amen to that.

The Biblical imagery is deliberate as you would expect of a preacher; following in the great traditions of the Old Testament prophets; and indeed, the theme of Justice that runs through the whole of scripture.

Micah is a classic. He is asked how we worship God? Now that is great question. But the answer given is challenging, "To act justly and to love mercy, and to walk humbly with your God." (Micah 6:8)

How can we truly worship God in a world that is riven by injustice? Just this morning on the news there was talk of the plight of women in Afghanistan; of migrants dying in the English Channel. Alongside that we have news of the increased activity of Food Banks; of the increasing divide between rich and poor, not only in the UK, but globally. Too many this day will go hungry, too many will be without clean water, have no access to medical services and education. And then there are the great environmental issues of our day.

The major report at this year's Methodist Conference was one entitled "A justice-seeking Church: the report of the Walking with Micah project."

Walking with Micah has been a two-year project helping the Methodist Church to explore what it means to be a justice-seeking Church. It draws on Methodist history, theology, current concerns and practice, and recommends a framework of principles for justice which underpin our understanding of God's justice and what it means to seek justice."

We are asked to prayerfully consider this.

What does Justice look like in the 21st century?

For men, women, boys and girls; for the planet itself; what needs to be in place for all to flourish and enjoy the "fullness of life" that Jesus talks about?

King finishes his speech

"And when this happens, and when we allow freedom ring, when we let it ring from every village and every hamlet, from every state and every city, we will be able to speed up that day when all of God's children, Black men and white men, Jews and Gentiles, Protestants and Catholics, will be able to join hands and sing in the words of the old Negro spiritual: Free at last. Free at last. Thank God almighty, we are free at last."

Amen to that.

Every blessing

Rob

Holy Trinity Church News

Church wardens Isabel and Roy Fairbrother tel 01409 261181

Email: holytrinitychurch1274c@gmail.com

Hello Everyone

Well that's it, we are in the Bradworthy Benefice are now for a time- without a local vicar.

I recall the time when our church was moved from Holsworthy and Father Christopher to the Bradworthy Benefice and the care of Rev. Richard Freeman, to be honest we were happily ensconced with Holsworthy and didn't want to be transferred – but we had no say in the matter. Looking back it must have been slightly difficult for Rev. Richard encompassing another church who were a bit hostile with the move. However we grew to know Richard and the other churches in the Benefice and so we slipped into the established routine.

We wished Rev. Richard a happy retirement and farewell on July 2nd.

A final service of Holy Communion was led by Richard at Bradworthy Church on the morning on July 2nd which was very well attended. Later in the day we attended his leaving service also held at Bradworthy Church- this was quite emotional. After the service the congregation, which was made up of other denominations, enjoyed refreshments at the Memorial hall. Richard was presented with gifts and Angela a lovely bouquet of flowers.

Rev. Richard was always helpful to us especially when we had no church warden and Roy and I were fumbling along, after 6 months we were persuaded by Richard to take on the mantle of church wardenship, his help and guidance were invaluable.

So now we look forward to a new chapter at Holy Trinity as we prepare for a new incumbent – this could take a year if not longer. We pray it will be settled quickly. In the meantime I will lead services but I hope you will support us at this time.

When possible we will get a relief vicar but unlike other churches around we have not been included in the relief rota - we are hoping that will change shortly

We are still open for Weddings, Baptism and Funerals. If you need any help or advice from the church then I am your contact (number above).

We pray that it will not be too long before an appointment is made but as there are so many churches involved – it could take a year – or more for an incumbent to be appointed to the post.

May 20th we held a social afternoon with a Cream tea, plant sale, tombola and natter.

Many thanks to you for your generosity.

We held the Church BBQ Saturday 15th July and as usual the rain came down.

However it didn't deter you lovely people from coming along to enjoy convivial company – a few laughs and a bit of gossip amongst the burgers, sausage and chicken drums etc.

It was another opportunity to see the local film 'A year in the life of Milton Damerel'. We found it just as funny and interesting second time round - as I know from comments that you did too – but oh how we have agedthanks Rob for setting it all up.

To those who offered help (as we are few in church) our thanks.

We have added a combined total of £456 to the roof fund. By now we will have had the Bazaar

Upcoming Community events at Holy Trinity. Mark your calendar now - don't forget.

By now we will have held the Bazaar - but not in time to get details of it into this newsletter.

September 9th starting at 10.30am finishing at around 4.00pm

Don't forgetthe Holsworthy Amateur Radio club will be broadcasting from inside Holy Trinity on CHOTA DAY. We warmly welcome them back on this special day when Amateur Radio enthusiasts come together worldwide to attempt to connect together. We are excited to know where they manage to connect to – have a chat and put Milton Damerel on the worldwide wave bands. . You can sit and listen in to the conversations as they happen. It is a special day in the club year and to be inside Holy Trinity church totally fulfils the criteria.

Come and support this group of enthusiasts - have a look, drop in drop out – up to you.

Bacon baps and cheese scones will be available from 10.30am until 12.30pm Cream teas will be served from 2.00pm to 4.00pm. All proceeds are for the roof fund.

Our HARVEST FESTIVAL will be held on October 8th at 3pm. Please bring gifts of canned or packaged food so we can support the Holsworthy Food Bank. Cup of tea or glass of sherry afterwards.

Ease into Christmas feeling with the Christmas Tree Festival to be held on the weekend of December 9th and 10th. Put it on your Christmas list now- get the Christmas vibe. Opening times to be put on the noticeboard and Facebook

This is a community event please support it or lose it.

Some visitors felt they had missed the opportunity last year and said they would definitely be here this year. So reminder this year MAKE IT THE YEAR you bring something along. You only need to turn up with a completed exhibit or to bring your bits and bobs to make the exhibit in church, we do provide tea and coffee during this time – and a biscuit to keep the energy up....

I wonder why other villages get full support but ours is a bit hit and miss...**you can change that.**

It is fun and free to place an exhibit no matter how big or how small.

Depending on turn out – it may be your last chance. This is a community event, be part of the community Bring A Tree

Church open on Thursday 7th from 1pm – 4pm or contact us if you need other arrangements.

We like a few entries to remain until after the Carol Service which will be held on the evening of December 12th at 7.00pm - candle lit all along the pathway. Traditional service with Carols you know and love.

Church Service dates From September 2023

Unfortunately Rev Richard was unable to secure a relief vicar for Milton Damerel during the interregnum, however we continue to hold lay led services and hope that you can support us. We could hold a service on a Saturday afternoon for Holy Communion led by the Rural Dean for all denominations but we need to know there will be a congregation – other than the two of us. Leave us a message on 261181

Whatever size colour or shape **YOU ARE WELCOME at HOLY TRINITY. All denominations are welcome. All AGES are welcome** and children do not have to sit still, we have a few toys and colouring books for them to use.

Dates and times as below but subject to change so please look at the noticeboard by the roadside outside the church.

Despite the torrential downpours this summer our helpers have done a sterling job keeping the churchyard grass shorn and tidy. It does not pass without comment from visitors and other church wardens too. We are very lucky in that we may have a hole in our church roof but our churchyard is second to none. Well done to all our helpers and to those who continually push back the roof slates to keep the church dry while we battle the fund raising.

Church Gardening dates are: September 5th and 21st
October 5th and 26th (subject to the weather) Clocks go back on weekend 28/29th We will then return to gardening once a month beginning November 9th December 7th (Also open to receive xmas trees.)

Milton Damerel Parish Hall News

PARISH HALL

After a summer break through August there will be plenty going on throughout the Autumn months

The regular community cafe will restart on Oct 7th but this will be preceded by our third Big Breakfast on Saturday September 16th

The main event for September is the annual Flower and Produce show on September 2nd

As well as the June and July community cafe we held an Ascot themed Race night in June followed by the ever popular Cider and Pasty walk, this was held at West Coombe Farm in Hollacombe, this is the new home of Roger and Sara Lawes who made us very welcome. After a blustery afternoon the weather brightened up and we had a pleasant walk around the lanes and visited Hollacombe Church which is lovely and well cared for, followed of course by the Cider and Pasties.

We have had four Art for Well-being sessions provided by Devon CC where we have taken part in various art activities (see the walls in the Hall) and held some heart to heart discussions. Franca Westaway from Bude proved an excellent tutor.

Following this we are midway through four free Yoga sessions again provided by Devon CC . If there are sufficient people interested we hope to have regular Yoga classes at the hall from September There are weekly "Dancercise" sessions on Tuesday from 7.45 to 8.30 pm. Music, exercise, and great fun not forgetting the monthly Whist Drives on 3rd Saturday of the month.

All these activities can only take place if sufficient people attend, the income from regular hirings ,Whist, Drives, Community Cafe and other events all go towards ongoing running costs of the hall so please support the hall, use it or lose it!

As ever we are always looking for volunteers to help out at all the events

Currently a replacement is needed to post activities on Facebook etc as our current member is unable to continue owing to other commitments.

Our next AGM is on September 21st at 7.30 pm anyone is welcome to attend.

MILTON DAMEREL AND DISTRICT OVER 60's GROUP

16th May, We stopped at Cornwall Services Bodmin for Coffee and went on to ST. IVES. The weather was really good. On the way home we stopped for fish and chips at The Welcome Stranger, Lanivet.

20th June, the coffee stop was House of Marbles, Bovey Tracey. We were not impressed with this as service was really slow, although they were expecting us. They had changed to table service and we were probably too many customers at once. Another pleasant afternoon at PAIGNTON, where we ate before leaving.

18^h July, Blackdown Garden Centre for Coffee, with a DRIVE THROUGH CHEDDAR GORGE and time to walk and browse the shops. We went on to BURNHAM ON SEA for a meal. Most finished up in Wetherspoons

15th August, we will be going to Tavistock for Coffee, Tour of DARMOOR and on to Princetown for a meal.

19th September, Trelawney Garden Centre, Wadebridge for Coffee, PADSTOW, eat before leaving.

17th October, Trethorne Leisure Park for Coffee, TRURO, eat before leaving.

Coach leaves Holsworthy Memorial Hall car Park at 9am. Then picks up at the Football Field, Venn Green and Holsworthy Beacon.

Please book with Iris Fry on 01409 261322 or 07968 326462.

If you have to cancel a booking for any reason, please let Iris know, even if on the same morning, as sometimes we have a waiting list.

Although we call ourselves 'Over 60's Group', you do not have to be over 60 years of age to join us. Anyone is welcomed to come to our meetings for a social afternoon and of course, our Coach Trips.

MILTON DAMEREL AND DISTRICT GARDENING GROUP

JUNE 19th. Ian Clemens gave us a talk on preparing for the show. It was very interesting and Ian gave us lots of tips on how fruit and vegetables can be shown at their best. He also advised, to read the information given in the programme thoroughly, as silly mistakes can disqualify an entry! (I was once disqualified for including Hypericum berries in a foliage display. (Lesley.) Ian is happy to be a judge at our show in September.

JULY 24th. We had a Garden Visits to Upper Gorwell House, Barnstaple. This was a really enjoyable afternoon out, with good weather. Retired Dr Marston, showed us around his 4 acre garden filled with rare and tender trees and shrubs, mostly collected from foreign parts. We finished up with tea and cake overlooking the Taw Estuary.

AUGUST 21ST. Was cancelled

JUNIOR NEWS

MILTON TODDLER GROUP

The Toddler Group will cease it's weekly Tuesday morning sessions from September, as the last two children will be starting primary school this term, and therefore the group comes to a natural conclusion.

We hope to continue with occasional meetings during holiday time.

The weather this summer has not been brilliant for trips out – we were successful with one visit to Lizzy's Larder, but a 2nd trip out planned to visit Frithelstockstone Outside Park had to be cancelled due to the weather. We hope we may be able to make a visit there at a later date. We also hope to hold a Celebration for 10 years of the Toddler Group.

For info:

A Stay & Play Group meets at Holsworthy Methodist premises in Bodmin St., on Tuesdays from 9am and finishing at 11am. The History of 'APRONS' - Tina Trivett

I don't think most kids today know what an apron is. The principle use of Mum's or Grandma's apron was to protect the dress underneath because she only had a few. It was also because it was easier to wash aprons than dresses and aprons used less material. But along with that, it served as a potholder for removing hot pans from the oven. It was wonderful for drying children's tears, and on occasion was even used for cleaning out dirty ears. From the chicken coop, the apron was used for carrying eggs, fussy chicks, and sometimes half-hatched eggs to be finished in the warming oven.

When company came, those aprons were ideal hiding places for shy kids..

And when the weather was cold, she wrapped it around her arms.

Those big old aprons wiped many a perspiring brow, bent over the hot wood stove.

Chips and kindling wood were brought into the kitchen in that apron.

From the garden, it carried all sorts of vegetables. After the peas had been shelled, it carried out the hulls.

In the fall, the apron was used to bring in apples that had fallen from the trees.

When unexpected company drove up the road, it was surprising how much furniture that old apron could dust in a matter of seconds.

When dinner was ready, she would go out and wave her apron, so the men folk knew it was time to come in from the fields to dinner.

It will be a long time before someone invents something that will replace that 'old-time apron' that served so many purposes.

Send this to those who would know (and love) the story about aprons.

REMEMBER:

Mum's and Grandma's used to set hot baked apple pies on the window sill to cool. Her granddaughters set theirs on the window sill to thaw.

They would go crazy now trying to figure out how many germs were on that apron.

I don't think I ever caught anything from an apron - but love.

The Police have asked that we bring to your attention a phone scam which is currently targeting older people across Devon and at least one person has already lost a very large sum of money.

Officers are also warning residents in Devon to be vigilant of the scam, in which the caller is pretending to be a police officer. Detectives say they have had an increased number of calls about this scam over the past few weeks, from across Devon.

In one case, the victim was persuaded to hand over more than £25,000.

It has been reported that the male caller pretends to be a police officer from a force in London. He tells the victim they have someone in custody who has cloned bank cards belonging to them. The bogus officer then requests that the elderly person transfers money to the police until the suspect is dealt with and they will then be reimbursed.

Detective Inspector Daniel Parkinson said: “We are advising anyone who receives such a call not to give any personal information and hang up straight away.”

“We will never contact people to ask that they transfer money from an account to aid an investigation or request banking information.

“If anyone does get this type of request, **it is a scam.**”

He added: “Fraudsters often target geographical areas where they know elderly or vulnerable people live, so we are asking that if you have family or friends who are vulnerable in any way, that you make them aware of this warning.”

If you have any information that could help the police with their enquiries, or know someone who has received a call of this nature, contact police via our website or by calling 101 quoting reference number **50230192850**.

Alternatively, independent charity **Crimestoppers** can be contacted anonymously online at **Crimestoppers-uk.org** or by calling freephone **0800 555111**.

Police advice on receiving a scam call of this nature is to terminate the call, wait five minutes and ensure you can hear a dial tone before calling 101. Then call your bank using the number found on the back of your card.

All reports of this nature also need to be reported to **Action Fraud 0300 123 2040** or online **www.actionfraud.police.uk**

Mobile Phone Users are able to report suspicious text messages by forwarding them to number **7726**. This service is free of charge and enables providers to take down malicious websites and block malicious texts from their networks. As of 31 May this year 54,000 text message scams have been removed as a result of using this service so it is very worthwhile forwarding suspicious items.

PCSO News. By the time you are reading this article, our PCSO Jess, will have left her post to take up a period of maternity leave. We wish her well. In the meantime, her duties will be covered by the two PCSOs who are based at Torrington, Melissa Baker and Sandra Brown. Both are experienced officers and in case of need can be contacted via **101**, either by phone or email.

Evelyn's Walk (10/07/2023)

Nine of us met in Bradworthy Square on Monday 10th July. It was the first time that I have led a walk in Bradworthy as previous walks have always been led by a resident of Bradworthy. Unfortunately, Val was unwell on this occasion. We all missed her company & local knowledge. We hope she feels better very soon. We walked along the lane from The Square keeping H.J. Wicketts on our left & the School on our right. This is such a pretty lane especially at this time of year. At the bottom of the hill, we admired the River Waldon. Unsurprisingly, the level of the water was very low. We then strolled up the hill through a beautiful avenue of trees, admiring the far reaching views to the left. By walking down the drive towards Berridon, we joined the footpath on our right. The route was cleverly marked across a beautifully kept field with a couple of strategically placed granite gate posts. They won't rot!! At the other side of the field, we walked through the galvanised gates & followed the track across another field. There was much evidence of cows but there were no cows to be seen. I believe the property that we could see through the trees as we walked across the wooden footbridge used to be a Hospital for local people suffering from TB. We rejoined the lane & turned right towards the village. It was at this point that it started to rain. It was my intention to visit the Play Area & admire the Millennium Garden but the heavens suddenly opened & we were getting drenched. My intentions were abandoned as it was obviously not just a passing shower & everybody was keen to head for home.

Evelyn's Walk (14/08/2023)

Nine of us met in the Village Hall car park in Chilsworthy on Monday 14th August. Some people came because they were keen to repeat the route that we enjoyed in June last year. Some people were interested to explore a new route. We set off along School Lane & followed the footpath across the fields. This is Holsworthy Hamlet's footpath No. 10. Most people had opted to wear walking boots & were a little taken aback when we reached the little stream at the bottom of the hill. To be fair, it was little more than a trickle & didn't really present any more of a problem than walking across lush green fields in August given how much rain we have enjoyed recently. The route took us through the grounds of Parnacott House. We were fortunate to

have the company of someone with snippets of local knowledge which added to the enjoyment of the walk. It led to some interesting conversation regarding what our relatives had done for employment in a bygone era. When we reached the lane, it was quite confusing regarding where we were. It was actually on the lane that connects the Holsworthy – Bude road (A3072) with the Holsworthy – Bradworthy road. We were surprised how busy it was with cars, vans & lorries but it's obviously a well-known shortcut. We turned right along this lane all the way to the T-junction. They are not very obvious unless you know where to look but there are a couple of Tumuli in the fields. If you look on an OS map, they are identified as Ugworthy Barrows. At the T-junction, we turned right towards Chilsworthy. It was only for about 100m before we popped through the hedge & joined Holsworthy Hamlet's footpath No. 5. It's very well marked & accessible with gates rather than stiles. By this stage, I had to reassure everyone that we were nearly there as it wasn't very obvious where we were. We rejoined the lane at Quarry Park & by turning right, we walked past the Chapel. We could have walked along the road back to the Village Hall but opted for the safer option of walking along the BOAT (By-way Open to All Traffic). It gave us the opportunity to enjoy the tranquility of The Green & appreciate the fact that the Parish has two play areas. I believe everyone enjoyed the walk in spite of the damp start. It's a very pleasant circular loop of approx. 3.75 miles.

The next walk will be on Monday 11th September. We will be setting off from Vealand Nature Reserve car park in Pancrasweek at 10am & walking along the feeder arm of the Bude Canal towards Lower Tamar Lake. We have kindly been given permission to park at Mick & Thelma Stanton's property called Forest View. Please car share if possible. This will be a "there & back walk" not a circular one. There is a very well-appointed picnic bench along the way if you would like to bring a snack. You are very welcome to contact me for more information.

Holsworthy Walk and Talk

Last month our walks took us to Sheepwash, Efford Down, Bude and the Ruby Way out to Hollacombe, together with several other locations. The sunshine brought out an array of sun hats, sunscreen and plenty of water and helped to enhance the scenery with colourful and aromatic flowers and blossoms along the way. At Bude we slightly changed our usual route to avoid the recently started works to relocate the Watch Tower by accessing the Down via Vicarage Road and then through Efford Farm. This was a new route to most people and made for an easier climb up onto the clifftops, where we had lovely views across the sea and also Northwards to the GCHQ radio dishes at Morwenstow.

Our walk along the Ruby Way took us to Hollacombe Church. Margaret Stacey, who frequently joins our walks is the organist at the Church gave us the opportunity of a look inside. One of her colleagues had been researching the history of the Church and she was able to pass on some interesting information about the various stained-glass windows and what the scenes were depicting. Some 40 years ago the Church suffered from a severe case of dry rot which meant that most of the woodwork had to be replaced and the historic pews were lost. The short tower, which has a saddleback roof, one of only 6 in the South West, has 3 bells. They can't be used at the moment due to the bell frame needing strengthening works, but it is hoped that this can be remedied in the next few years. Margaret also provided some cold drinks, which were much appreciated before we continued with the rest of the walk.

It has been very pleasant to take advantage of the shade given by the Pavilion in Stanhope Park whilst refreshing ourselves with coffee and biscuits after our Walk in the Park. Over the three days of the end of May bank holiday Holsworthy Cricket Club celebrated their 150th anniversary with a 'Festival of Cricket'. Stanhope Park, and the Pavilion, were host to live music, food, drinks, children's entertainments and, of course, lots of cricket.

If you would like to join us on any of our walks and find interesting snippets of local history or spectacular views amongst all the physical and psychological benefits of walking in a group then please come along.

We walk on Mondays and Fridays. All walks start at 10.30 am and are **FREE**. Membership forms are available from our Volunteer Walk Leaders prior to the start of the walk.

Our website has lots of up to date information, together with our current programme of walks.

UPPER TAMAR LAKE SAILING CLUB

Upper Tamar Lake Sailing Club have recently enjoyed another day of Sunday sailing. On this occasion there was a little rain but this didn't dampen the enthusiasm of the single and double handed dinghies out on the water.

If you haven't sailed for a while and would like to get back on the water, Upper Tamar Lake Sailing Club near Bude would love to hear from you - you and your family will be made very welcome. We sail on Sunday and Wednesday afternoons.

Our members with double handed craft are often in need of a willing crew, and crewing is an ideal way to learn or refresh your knowledge of sailing. The Club owns a few single-handed boats (Toppers) and double-handers (Bosuns) which can be used by members for a small fee, so there is no need to own your own boat to get back on the water.

Alternatively, if you love sailing and the social benefits, but are no longer able to get out on the water, we are looking for volunteers to help with our race days or being involved with events. We are a very friendly club and everyone is made to feel very welcome.

If you would like to know more about us, please email Roger Heasman (Commodore) heasman.ra@gmail.com Further information can also be found on our website www.utlsc.org.uk and on our Upper Tamar Lake Sailing Club facebook page.

Busbys Solicitors is under new ownership

As you may have seen from our recent announcement, Busbys Solicitors is under new ownership - whilst nothing has changed in terms of the high quality, personal and professional service that the firm continues to offer, we are moving towards more electronic based systems to decrease delays in matters - particularly conveyancing transactions.

As you may be aware, Anti-Money Laundering Regulations have been in place since 2002, meaning your legal advisor (whether a solicitor, licensed conveyancer or legal executive) must verify the identity of their client. Traditionally, this would have meant coming into the office with your original ID documents for us to certify.

One of the ways we are looking to streamline the process of ID verification, is by adopting the Guidance by HMLR to carry out an "enhanced level of check" with reference to a specific set of requirements, collectively known as 'the digital identity standard'. This standard is founded on the principles within the Government's Good Practice Guide (GPG45).

The requirements involve biometric and cryptographic checking of identity and verification that the individual or individuals signing of behalf of corporations (such as limited companies) are the owner of the property or otherwise a genuine party to a registrable transaction.

An email would be sent to you, with a verification code sent separately by SMS: the dual authentication utilised by the software ensures that the process is as secure as possible.

Using NFC chip documents, such as a passport, biometric data is read to verify an ID document using the electronically held image to complete a facial recognition match to the person (the 'fun' part about this for you is taking your 'selfie'!) and confirm the document that has been 'scanned in' is not counterfeit. This provides an assurance that the firm is 'Safe Harbour-compliant' by meeting HMLR's Gold Standard ID verification requirements.

In engaging with this new process, it also saves you the time (and expense) of travelling to our office and is also intended to avoid any delays in getting your matter underway, as soon as you have instructed us. This is not limited to conveyancing or property matters - as your solicitors, we take our compliance and regulatory requirements seriously, in relation to each area of the legal services that we offer: these include Wills, Lasting Powers of Attorney, Advanced Decisions, Probate/Estate Administration, Family/Matrimonial and Commercial Property/Agricultural Property. Should you wish to find out more about these, or our new and exciting digital processes, please contact us.
